About us

We are a wholesaler in Home Living, Decoration and Furniture. With our roots in Home Living Retail, wholesale showrooms in Hoorn and Brussels, many shop in shops and over a 1.000 retail outlets across Europe, we have become a recognizable brand in the Home Living industry.

Our mission at Lifestyle Home Collection is to let you enjoy the everyday things of life. Offering the right items to emphasize the personal atmosphere at home. And to give you a comfortable and familiar feeling so you can enjoy the moment. With a unique presentation, we create a surprising and inspiring experience.

Our collection consists of basic and seasonal items which together make a very commercial and balanced assortment. The basic collection is the foundation. The seasonal collection contains articles that follow the latest trends in the residential sector and are surprising and exciting. The absolute top items of the seasonal collection are included in the basic collection. At Lifestyle Home Collection we launch a new collection twice a year which contains decoration as well as furniture. Produced and adapted to a distinctive style theme, so that there is an inspiring assortment for every style of living.

All items are created with love and passion and often hand made. Modern styles are interspersed with classic designs. From hand-woven fabrics to design lighting. Beautiful furniture forms the base of the interior and together with our eye catching home decoration it creates stunning homes.

Since a few seasons we included a special collection aimed at the project market. Together with our customers and our creative team we developed unique products for hotels, restaurants and holiday houses with a great atmosphere. If you are looking for custom made articles for your projects, you are also at the right place! With these custom made items you can offer your customers a unique experience.

FALL / WINTER COLLECTION 2023

A new season calls for a new collection, so here is our 2023 winter collection!

We were inspired by various trends when creating our 2023 winter collection. The main theme here is organic, virtually every product group features an organic product. These flowing lines enable you to break the space and everything flows together naturally, as opposed to straight lines that make the space taut.

For example, we have added new organically-shaped coffee tables and dining tables to our collection. As well as the wall decorations, the patterns on the rugs, the sculptures and even 3D-mirrors. These new mirrors are so organic that they curve around and differ in height on all sides. Graphic prints with more natural/flowing lines instead of clean lines also fit well with this organic theme. You see that reflected in our new wall decoration and cushion series.

You can also find prints that are a little more striking, for example, on the new Timeo bowl, which has been part of our collection for a while but now has a new finish that makes it look like an art object. The combination of different shapes, materials and colours gives an artistic look, which is a trend you see often now. You also create harmony by repeating these shapes, materials and colours. That is why you see a repetition of, for example, Travertine material, a round shape, or the colour beige in various products in our period rooms. In terms of styling, there is also much doubling with vases and candlesticks, this creates the desired minimalist feel.

Colours remain very subtle in our collection but are getting more and more attention. We opted to use Khaki/green in a number of pieces in this collection, for example, sculptures, coffee tables and cushions. It is still a colour in the same colour range, brown and beige still dominate in the world of interior design, so these are still the most frequently used colours.

You also see frequent use of grasses and twigs instead of plants. This creates a more harmonious whole because the colours blend into the setting as a whole. A new material used in our wall decorations is paper mache, it enables you to create a lovely motif with a natural effect. You also see more use of glass in vases, coffee tables and even sculptures!

As you would expect, virtually all products have been hand-made by craftsmen. Because they are hand-made, every product has a unique character, we refer to that as “perfect imperfect”.

There are also enough mix and match options, such as with our new lamp shades. A narrow, tall design in various sizes this time. Our Gill table lamp also has a narrow, tall shade with a playful base in 3 models in beautiful walnut wood. As far as wall decorations, you can go all out with “art” in interconnecting frames, so you can fill the wall as much as you want.

We hope you are just as pleased with the new collection as we are and that we have been able to inspire you with all the beautiful new impressions and lovely products!

Lots of love,
Team of Lifestyle Home Collection

Life is beautiful and we show it...
